SUMMARY

Enthusiastic and skilled web developer with a passion for crafting clean, efficient, and user-friendly websites. Proficient in a variety of front-end and back-end technologies, I bring a creative approach to problem-solving and a dedication to delivering high-quality digital solutions.

EDUCATION

Bachelor of Informatics Engineering

Arab International University

Damascus, Syria

Jul 2017 - Jul 2022

WORK EXPERIENCE

Borderless Security

Full Stack Developer

Feb 2024 - present

- Integrated **React.js** with Odoo's backend and frontend, boosting UI responsiveness and reducing page load times by 30%.
- Designed and implemented **custom Odoo modules** (variants, workflows, and permissions) aligned with complex business needs.
- Delivered **E-Signature and blockchain integrations** ensuring secure, tamper-proof document workflows.
- Managed **Dockerized environments** with CI/CD pipelines on **Proxmox**, streamlining deployment efficiency.
- Optimized performance via **Cloudflare caching**, **Linux tuning**, and **Google Cloud Storage** integration.

Freelancer

Full Stack Developer

Dec 2021 - present

- Developed web applications and dashboards using React, Node.js, and Laravel.
- Delivered responsive, SEO-optimized sites with high performance and security.
- Collaborated with clients for clear requirements, documentation, and training.

Pancode

Damascus, Syria

Frontend Developer

Dec 2022 - Sep 2023

- Built and maintained user-facing features using React.js, Redux, and Chakra UI.
- Improved UX through responsive design and performance optimization.
- Worked closely with designers and backend developers to meet project goals.
